 Targets

 Mineralized Structures

 Proposed IP Lines

 "Kyba's Red Line"
Triassic/Jurassic unconformity

 Major Prospect

 1VD Magnetics

Property Geology

From Homestake Canada Inc., 1997

Stratified Rocks

 Augite megacrystic, commonly amygdaloidal
massive to cobble fragmental volcanics

 Dark green massive to pillowed basalts with
local tuffs and basaltic conglomerates

Tertiary Intrusions

 Coarse grained hornblende and biotite
porphyritic diorite

 Fine grained felsic dykes

Jurassic Intrusions

 Unaltered medium grained hornblende
diorite

**Jurassic
rocks**

**Triassic
rocks**
